

THING ON A SPRING

Amstrad

Instructions to Play

The evil toy Goblin is creating havoc amongst the children by casting spells on their beloved toys and ordering them to go to his factory, deep in the earth.

How can he be stopped? What can we do? Who can do it? There's only one capable - our hero - THING ON A SPRING!!

Our hero has infiltrated the Goblin's factory. He doesn't know what to expect or where to go. All he knows is that there are nine pieces of jigsaw he must collect so that when they're put together, he will have a clue as to how he can kill the evil Goblin.

The Goblin has laid many traps and has forwarned his guards and ghouls that an unwelcome visitor could soon be in their midst. All THING needs to keep going is oil for his spring, which can be found in the factory complex, but beware - as the ghouls and guards are intent on seeing THING seize up and rust!

The Goblin has disguised 5 switches which control gadgets that you must use to explore the whole complex and ensure the demise of the Goblin. Good luck!
