PLAYING A BALL GAME

Two teams alternate batting and fielding in each inning—the two halves are called the top and bottom of an inning, respectively. When the team taking the field first is ahead in the final inning, the bottom half of the inning is eliminated.

When a sub-character uses a Star Skill, it's inferior to the one a captain uses.

BALL PARKS

There are 5 ball parks in which to play a game. Most ball parks have quirks that can cause mayhem!

While you can choose a ball park in Exhibition Game mode (pg. 20), you play at the home field of the opposing team in Challenge mode (pg. 22).

MARIO STADIUM

A sun-drenched beachside stadium. There are no quirks here: it's a straight-up ball park. Select Mario Stadium when you want to play pure baseball.

PEACH GARDEN

A Mushroom Kingdom courtyard complete with various floating blocks. When the ball hits one of them, you have no idea where it'll end up.

WARIO PALACE

Wario built this ball park in the middle of a desert. The Chain Chomps guarding both the left- and right-field foul lines and the sandstorm generators in the air mess with approaching players and the ball.

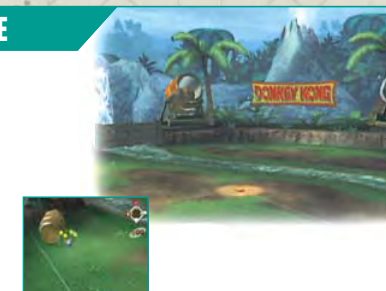

YOSHI PARK

It's supposed to be a scenic ball park surrounded by pretty flowers, but among them are nasty Piranha Plants. When anything approaches them, they try to bite it.

DONKEY KONG JUNGLE

A danger-filled stadium. Klatptraps live in the stream flowing across the ball park and bite anyone who nears them. Not only that, but giant barrels get launched from beyond the outfield fence.

MINIGAME RULES

Bob-omb Derby

Use charge swings (pg. 11) to compete for home-run distance in this minigame. Any hit other than a home run is worth nothing. Points are earned based on the distance of the home run hit. Hitting consecutive home runs earns bonus points.

Wall Ball

Use charge pitches (pg. 13) to break walls in this minigame. Get the most coins by just breaking through the **Q** wall. If your ball stops after breaking the Bowser wall, half of your coins will be stolen by another player.

Chain Chomp Sprint

Try to collect gems while Chain Chomp sleeps. If you move at all while Chain Chomp is awake, you'll lose some of the gems you've collected. Try to collect as many gems as you can within the time limit.

Piranha Panic

Use eggs to drive back the Piranha Plants, competing for points in the process. Earn points by hitting a Piranha Plant with an egg of a matching color. Hit it with an egg of a different color and it will shoot a fireball right back at you.

Duck	Throw	Drop

You can earn many points by hitting Piranha Plants with Bob-ombs. Or you can drop the Bob-omb and let it interfere with your opponents.

Barrel Batter

Hit balls into barrels to break them. When barrels of the same color are adjacent, hitting one of those barrels will cause all of them to break. Doing so will build up your barrel gauge, which will cause a bonus barrel to appear once it is filled. If you break the bonus barrel with your next hit, all the barrels will be destroyed.

TEAMMATE CHEMISTRY

Each character has specific chemistry with other characters. Each character's abilities will change depending on the players the character is teamed with. Be sure to check chemistry between all of your team members before starting a match.

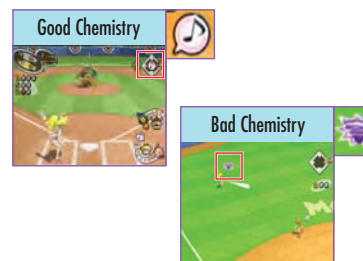

TEAM STARS AT THE START OF A MATCH

The number of Team Stars your team gets at the start of the match is based on the chemistry between your team captain and the players on the team. If you have a large number of compatible players on one team, you'll start with more stars. However, if your players have no chemistry, you'll start with fewer stars.

EFFECTS DURING GAMES

When a runner who has chemistry with the batter is on base, the batter's abilities increase. On defense, when a character throws to a compatible player, the ball flies faster. Conversely, when throwing to an incompatible player on defense, the ball speed decreases.

Changing the Batting Order

You can change your batting lineup on the Select Batting Order screen. Try to arrange your lineup so that you have characters with **Q** hitting after each other at the front and back of the lineup.
