STORY

When SpongeBob SquarePants discovers a mysterious looking treasure chest, he can't resist the temptation to peek inside. What's this? Another chest, inside another chest, and ... say, there's just a plain old bottle in here! Uh-oh, SpongeBob, it looks like your curiosity really got the best of you this time! That ordinary looking bottle imprisoned the ghost of the notorious Flying Dutchman, and was the only thing keeping him from threatening the residents of Bikini Bottom - that is, until you opened it and set him free! Now the Flying Dutchman plans to force SpongeBob and all his friends to spend eternity serving as members of his ghostly pirate crew - whether they like it or not!

SpongeBob SquarePants desperately tries to warn his friends about the Dutchman, but they won't listen to him. One by one, they are hypnotized and put under the Dutchman's evil spell. SpongeBob knows he must find a way to stop the Dutchman before it's too late, but he can't do it alone. Help SpongeBob find the Seven Lost Treasures of the Dutchman that are hidden throughout the game. Together maybe you can locate the Dutchman's secret hideout, recapture him and save SpongeBob's friends!

You really need to work fast, if you plan to help SpongeBob stop the Flying Dutchman from turning his friends into ghost pirates. Start by exploring Bikini Bottom, which is a great place to learn what you'll need to do throughout the game. Then, try to find Squidward

PLAYING A GAME

Tentacles to see if he can give you some useful advice. Maybe he will loan you his book about ghostly lore. Of course, you're bound to run into lots of obstacles along the way and you may have to solve some tricky puzzles. Luckily, many undersea creatures are friendly and willing to help. You'd better hurry, though. Some of SpongeBob's friends have already been captured and placed under the Dutchman's wicked spell. You've got to stop that mean old ghost, or SpongeBob and his friends are doomed to be ghost pirates forever!

Bikini Bottom

Ah, Bikini Bottom. Home, sweet pineapple home, of SpongeBob SquarePants. His neighbor, Squidward Tentacles, lives nearby in his stone idol house, and Patrick Star's rock

house is just down the block. When you leave Resident Row you'll see the Krusty Krab diner, where SpongeBob works as a fry cook, and the rival Chum Bucket restaurant. Be sure to explore the major landmarks while visiting Bikini Bottom, searching for collectible items and clues. Some important tasks on your To Do List need to be completed here before you can move on to explore the next world.

PLAYING A GAME

Hint: Press **START**, then choose **To Do List** to see all of the things you must accomplish in each world.

Other Worlds

Once you've completed your first set of tasks on your **To Do List**, it's time to leave **Bikini Bottom** and explore another world. Just **Find** a bus stop, hop on the bench and the bus will come to take you on your journey to track down the evil **Flying Dutchman**. While searching for a way to rescue your friends, you might find yourself **Downtown**, taking care of some important business for **Mr. Krabs**. Of course, **SpongeBob** is always available to help his friends, so when **Sandy** is faced with some trouble in her **Tree Dome**, **SpongeBob** is off to the rescue. Just remember: there are lots of obstacles, dangers and wacky surprises out there. But if anyone can defeat the **Flying Dutchman** and save the residents of **Bikini Bottom**, it's our hero - **SpongeBob SquarePants!**

Letter Tiles

In each world, there is a set of **nine** letter tiles that must be collected. All of these tiles must be found in order to finish the game. On the face of each tile is a single letter and together they spell out the name **S-P-O-N-G-E-B-O-B**. Once you've found all the **S-P-O-N-G-E-B-O-B** letter tiles in a world, you can use them to solve a picture puzzle. Then you can uncover the **Dutchman's** hidden treasure located in that world. Of course, there are many more worlds to explore, with tiles to find, puzzles to solve and hidden treasures to uncover!

PLAYING A GAME

Costumes

Some tasks cannot be completed unless **SpongeBob** is wearing a special costume. After all, you can't wear square pants for every occasion! Find a costume tent when you need to change his clothes.

JellyFishing Gear

Wearing his stylish glasses and carrying his **JellyFishing net**, **SpongeBob** will be able to catch lots of **Jellyfish** and other creatures. He can even stow them safely in his trusty backpack.

Hint: Press the **B Button** to swing the **JellyFishing net**. Use the net to catch critters and hang from hooks.

Mermaidman

In this costume, **SpongeBob** looks just like his favorite superhero, **Mermaidman!** **Patrick** may even appear dressed as his trusty sidekick, **Barnacleboy** to assist **SpongeBob** with his crime fighting.

Hint: Press the **B Button** to make water balls and throw them. Throw water balls at opponents, or to knock down distant items.

PLAYING A GAME

Reef Blower

Some tasks require the extra power of a reef blower. Nothing can stop SpongeBob once he puts this mighty machine into action!

Hint: Press the B Button to activate the reef blower. Use the blower to roll things and activate pinwheels.

Situation Costumes

These costumes will only appear in certain situations:

Karate Gear

Now SpongeBob is ready for any karate challenge. With his protective helmet and super-sized hands, he can take on even the toughest opponents.

Hint: Press the B Button to perform a karate chop.

Treasure Hunter

You can't search for lost treasures without a proper treasure hunting costume! SpongeBob looks just like a seasoned explorer in his pith helmet and khaki clothes. His trusty treasure detecting stick will Rumble and lead him right to the hiding place!

Hint: Hold the B Button, then turn around to detect the treasure. Controller Rumble Features are stronger when you're Facing the right direction.

PLAYING A GAME

Collectibles

Doubloons

The Dutchman's treasure has been spread all over Bikini Bottom. Collect these valuable coins to uncover letter tiles.

Jellyfish

By collecting jellyfish, you may be able to buy an important bus ticket. Collect enough of them and you can also earn letter tiles.

Hint: Some of those jellyfish really don't want to be caught. You might have to sneak up on them to catch them by surprise!

Sand Dollars

Sand Dollars are the currency of Bikini Bottom. Use them to buy valuable items.

PLAYING A GAME

Square Pants

Hold onto your pants, SpongeBob! If you begin to lose your health, you might find yourself stripped down to your "tighty whities." Oh, barnacles! I hate it when that happens! Try to locate another pair of square pants to slip on, or you might find yourself feeling a little under-dressed. New pants can do wonders! They'll help you regain your sense of dignity and give your health an extra boost! If you lose all five pairs of pants, you might also lose your place in the game and have to go a few steps back. We sure don't want that to happen, do we?

MAIN MENU

Before SpongeBob can set off on his quest to stop the Flying Dutchman, he'll have to choose from the Main Menu options inside the Krusty Krab kitchen. Of course, that poses no problem for SpongeBob, since the kitchen of the Krusty Krab is one place where he feels right at home!
