THE PUPANUNU PEOPLE'S PROPHECY

Tak, the Moon Juju sent me here to help you.
My name is Flora.

Many centuries ago, a Pupanunu shaman prophesized the tragic fall of the beloved Moon Juju sometime in the distant future. That knowledge has been passed down from shaman to shaman for generations. The Moon Juju is the Pupanunu tribe's goddess protector and she is in great danger.

At the election for High Shaman, all in the tribe decided that the much respected Jibolba should represent them to the gods. The old man is honest and has strong Juju.

The other candidate was Tlaloc. Though a powerful shaman, he is arrogant and disliked by the tribe. When rejected, he became enraged and plotted revenge against the tribe. The prophecy was beginning to play out.

Jibolba thought he was prepared for the day the prophecy would come true. He trained his apprentice, named Lok, to battle any evil that might challenge the power of the Moon Juju.

But now it seems that Lok has been transformed by some evil magical spell ...into livestock! He has been sheep-shifted and turned into a helpless hapless hoofer. Lok, the young shaman warrior and savior of your tribe, is nothing more than a lamb in sheep's clothing. Actually, almost every villager is out grazing as we speak!

All this woolly weirdness was perpetrated by evil sorcerer Tlaloc and his voodoo doll back-up team named Pins and Needles. Tlaloc stole the magical Moonstones from the Moon Juju leaving her powerless while transforming himself into the most powerful mortal in the world. What a sheep trick!

ABOUT JUJUS AND ME, FLORA

There is the mortal world where you live, and the magical world of Jujus where I live. Jujus are mystical beings who wield power called, you got it, Juju. The Moon Juju is worshipped by you mortals and admired by us Jujus... and not just because she's a great dresser either! Well that too, but she's also beautiful and kind to everyone. Oh, did I mention she's my mom?

Only tribal shaman can even see us and only a very few can harness the power of our world. But there are rare mortals who know how to "work that Juju" and become very powerful, not to mention totally popular... We're talking "A" list for all parties.

If a mortal has the power to summon one of us, we must help that person.

So about me... Sure I look like this cute little thing, but be warned, I am a very powerful Juju! I will be your window to the hidden magical Juju world that is right in front of your face. Sometimes I will give you guidance. Lucky you!

Gain strength and you will acquire Juju Vision, the ability to peer into our realm and see clearly the magic that swirls unseen around every human. Listen to me and you'll become the Jujuman extreme.

WHAT YOU MUST DO

With Lok turned to mutton, you are the only hope for the Pupanunu. Listen to Jibolba and me, of course, to find out about the objectives you must fulfill to save the Moon Juju and your people. Now you are about to travel to lands far beyond the village. You'll walk in your world and the spirit world. Every adventure will win you more Juju Powers. I'll tag along to give you advice and maybe a little poke in the ribs sometimes. Make the Pupanunu people proud, Tak!

The Objectives Screen

Objectives include finding new places, retrieving objects, acquiring Juju Powerups and battling the forces of bad Juju.

- View the Objectives Screen by pressing the Z Button + Control Pad.
- Press the Control Stick or Control Pad ← or → to scroll through levels, objectives, or Juju powers.
- Press the Control Stick or Control Pad ↑ or ↓ to switch between levels and objectives.
- View Objective types by pressing the A, B, or L Buttons. For example: You need to find at least 9 Magical Nubu Plants for Jibolba. Press the B Button to view the total number of Magical Nubu Plants you have.

THE GAME SCREEN

Life Feather

See the feather in your hair? It is your Life Feather and shows how much Health you have remaining. When the feather is lightly colored all the way to the tip, you have full Health. Every time you get injured, part of the feather darkens to show you have lost some Health. If the whole feather darkens completely you are down and out! Keep healthy by avoiding attacks and seeking the gold feather that returns you to full Health. All feathers give you some Health, but the gold feathers will fill you up!

Feathers and Mana Total

Most feathers equal Mana, the force that powers Juju.

Stay healthy and rich by collecting magical feathers. They supply energy for your Life Feather and Mana to fuel Juju Powers. The Mana Total is the number that appears next to the Feather icon at the bottom right of the screen.

- Every time you collect a feather, its Mana value is added to the total, until you are at the maximum Mana.
- Every time you use Juju Power spells that cost Mana, it is subtracted from the total.

Hey, Tak, There are four different kinds of feathers.

Gold feather – This special feather returns Tak to full health

Small purple feather – Worth 1 Mana and a slight health increase

Orange feather – Worth 3 Mana and a moderate health increase

Blue feather – Worth 10 Mana and a slight health increase

- Picking up feathers energizes the Life Feather (in your hair) to repair lost Health.
- Many Juju Powers require energy and demand a certain number of Mana that are subtracted from your total when used.

See "Juju Powers" on page 19.

Collected Object

Every time you find an important object, the total number of the object you have appears with its Icon at the bottom right of the screen. It could be feathers, Yorbels or some other object vital to completing the task at hand such as gold teeth.

TRAINING

I want to let you into Warrior Lok's training area before you start your adventure. Move through this course and I will give you some pointers including how to jump, handle animals, throw objects, and more. Then go save the world!

TAK'S VILLAGE

The village is the center of your world, home of the Pupanunu tribe and the starting point for all your adventures. Here you can find Jibolba's Hut (he's your shaman mentor) and gain entry to other realms.

LOOKING AROUND

- Look around you by pressing the C Stick. You can look in any direction.
- Press and hold the R Button + Control Pad to bring the camera directly behind you.

MOVING AROUND

Running and Walking

- Press the Control Stick to run in any direction you want.
- Press the Control Stick part way when you want to move more slowly.

Jumping and Climbing

Press the A Button to jump. Double tap the A Button for a double-jump. When you are trying to climb up to a ledge and it seems too high, try jumping anyway to see if you can grab on and hang from the ledge. Then jump again to hoist yourself up. Also, be on the lookout for things to bounce on.

ROPES

If you want to climb a rope, just jump towards it to hang. Then press the Control Stick \uparrow or \downarrow to climb on the rope. You can swing back and forth on a rope too, by pressing the B Button. Press the A Button to jump from a rope.

ZIP LINES

Zip lines are ropes that run down from one point to the next. Just jump on and slide down.

Machines

Always be on the lookout for vehicles and other machines that can transport you to new places. To use a machine, press the Y Button.

ANIMAL POWERS

Hey Tak, the most important thing for a Jujuman is to know how to get animals to do his bidding. Well, really the most important thing is having ME for a friend! But this is next. Study the animals and how they act to help you answer these questions,

"How can this creature help me solve a puzzle?"

Perform some task? Get me to some new place?"

If you can't get an animal to stop running around, try giving it a good reason to stop for you.

Take an orangutan for example: Think he's just hanging around munching bananas and tossing sheep? Watch his actions. What's he doing that can help you solve a puzzle or get to some new place?

Watch the Emus, Monkeys and Rhinos too. Each has physical capabilities that you can put to use.

Poor Tak. You took a swing at the orangutan and he punched you out. That's harsh! Monkey knuckles must taste pretty gnarly. When I saw the look on your face ...! Ha ha!

Hey, Tak. The only way you can ever win is to turn chicken!

SEE THE WORLD THROUGH JUJU VISION

Right now there is so much happening around you that you don't yet see. But just wait. Part of becoming a great shaman is Juju Vision, the power that enables you to see what is invisible to everyone else. Once you have Juju Vision you can see and acquire even greater powers. You will be able to control the animals around you, see invisible spirits and find even more treasures.

There's a way to get rid of a Nerbil, and capture Mana from his rising spirit to heal yourself. To do this you must have Spirit Sight and react fast before the spirit floats away. Look for this Juju powerup during your adventure.

A SHAMAN'S POWERFUL ITEMS

The Club

This is your basic weapon for self-defense. Press the B Button to swing at enemies. Use it to break open pots too.

Blowgun

You must discover the Blowgun and learn how to use it. You can use it to shoot acorns, pole vault over obstacles or hit things. The Blowgun is accurate from a distance.

- To shoot something, press the Y Button to make the sight visible. Press the Control Stick to aim and press the B Button to fire. Press the Y Button again to exit the Blowgun mode.
- To whack something, press the B Button.
- To pole vault, press the A Button. Make sure you have the Blowgun selected before attempting to pole vault.
- To perform a normal jump while holding the Blowgun, press and hold the L Button, then press the A Button.

The Spirit Rattle

Once you win the Spirit Rattle, use it in place of your Club. A shaman can cast spells with his Spirit Rattle but it can deliver a pretty nasty swat too. If you have the skills you can use the rattle against enemies both mortal and spiritual.

- Press the R Button to toggle between the Blowgun and your Spirit Rattle.

Amulet of Champions

Once you get the Amulet of Champions later in your quest, you will have access to areas protected by the Seal of the Champion.

USING THINGS

Operating Equipment

To find out what something might do for you, walk up to it and press the Y Button. For example: If you see a crank, turn it by pressing the Y Button.

Pick Something Up

You can sometimes pick up objects by walking over them. Other times you may have to press the Y Button.

To put an object down press the Y Button.

Throwing Objects

When you are holding something that can be thrown, the sight appears to help you aim your throw.

Press and hold the B Button and press the Control Stick to aim the throw. Trajectory markers appear to show you how the throw will arc through the air and the sight appears to show where a thrown object will land.

Pots

You can find pots everywhere. Just hit them by pressing the B Button and they shatter. Sometimes they have useful contents, such as a feather. But pots have some pretty creepy stuff inside too, so don't say I didn't warn you.

OBJECTS YOU MUST FIND

The Moonstones

Without these, my mother the Moon Juju is powerless.

Gold Teeth

Be rewarded for curing the silly smiles of local statues and help them show their pearly whites – well sort of.

Acorns

Acorns make great Blowgun ammo.

JUJU POWERS

Juju is legendary Pupanunu shaman magic. Mana is the supernatural force that powers Juju. Once you see the Juju Powers, touch them and they are yours. In order to use Juju you must have Mana. Each time you capture a feather you win Mana. Other powers are yours forever, never need to be activated and cost no Mana when used.

You Must Have Mana to Power Your Juju

Each time you capture a Feather, your Mana Increases.

- Most Feathers that you see in your world are 3-Mana Feathers.
- A 1-Mana Feather will sometimes appear when you strike a small Magical Nubu Plant or defeat a small Nerbil.
- Defeat more powerful enemies and you may win a 10-Mana Feather.

Using Juju Powers

- Press the X Button to cast Juju spells.
- Hold the L or R Button, then press the Z Button to change from one Juju power to the next.

Jibolba

This kind and much-loved old man is your mentor and the Pupanunu Shaman. He readied the tribe for the Prophecy by training Lok to save the Moon Juju. Now that the destiny of the tribe is in your hands, Jibolba must depend on you. Take his guidance and bring him what he asks for.

MORTALS AND JUJUS

Flora

This is me! Cute or what!? My mom (Moon Juju to you) asked me to help you. But you're so great I'd do it anyway. I'll guide you through training and when things become confusing I'll sometimes give you ideas about how to proceed.

Lok

Warrior Lok is Jibolba's first apprentice and was chosen to answer the Prophecy by rescuing the Moon Juju. Unfortunately, Lok is looking a bit sheepish lately having fallen under the spell of Tlaloc. You must help Jibolba bring Lok back to human form by finding Magical Nubu Plants and Yorbels so the warrior can battle enemies of the Moon Juju.

Moon Juju

She's the beautiful queen of our realm and the goddess who protects your world from evil Juju. Jibolba admires her power and beauty. The Moonstones are her source of Juju and when Tlaloc stole them, she weakened. Without her the Pupanunu tribe is helpless.

Tlaloc

Be careful of Tlaloc's powers. He is a shifty shaman - dishonest, very tricky, smarter yet and downright evil. He wants control over your world and mine! If you can't rescue the Moon Juju it's going to get real ugly around here and Tlaloc is going to be the Master of Ceremonies.

Pins and Needles

Meet Tlaloc's dancing Voodoo doll henchmen. When it comes to diabolical creepiness these two little monsters have it all sewn up. At least one of them has to keep his mouth shut because he doesn't have one.

Limited Warranty

THQ warrants to the best of THQ's ability to the original consumer purchaser of the Product that the medium on which the Product is recorded shall be free from defects in materials and workmanship for a period of ninety (90) days from the original date of purchase. The Product is sold "as is," without express or implied warranty of any kind, and THQ is not responsible for any losses or damages of any kind resulting from use of this Product. If a defect occurs during this ninety (90) day warranty period, THQ will either repair or replace, at THQ's option, the Product free of charge. In the event that the Product is no longer available, THQ may, in its sole discretion, replace the Product with a Product of comparable value. The original purchaser is entitled to this warranty only if the date of purchase is registered at point of sale or the consumer can demonstrate, to THQ's satisfaction, that the product was purchased within the last ninety (90) days.

To receive warranty service:

Notify the THQ Customer Service Department of the problem requiring warranty service by calling (818) 880-0456 or on the web at <http://www.thq.com>. If the THQ service technician is unable to solve the problem by phone or on the web via e-mail, he will authorize you to return the Product, at your risk of damage, freight and insurance prepaid by you, together with your dated sales slip or similar proof-of-purchase within the ninety (90) day warranty period to:

THQ Inc.

Make checks payable to THQ Inc. and return the product along with the original proof of purchase to the address listed above.

Warranty Limitations

THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES AND REPRESENTATIONS. NO OTHER WARRANTIES OR REPRESENTATIONS OR CLAIMS OF ANY NATURE SHALL BE BINDING ON OR OBLIGATE THQ. ANY APPLICABLE IMPLIED WARRANTIES OR REPRESENTATIONS, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE ARE HEREBY LIMITED TO NINETY (90) DAYS FROM THE DATE OF PURCHASE AND ARE SUBJECT TO THE CONDITIONS SET FORTH HEREIN. IN NO EVENT SHALL THQ BE LIABLE FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES RESULTING FROM THE BREACH OF ANY EXPRESS OR IMPLIED WARRANTIES.

The provisions of this warranty are valid in the United States only. Some states do not allow limitations on how long an implied warranty lasts or exclusion of consequential or incidental damages, so the above limitations and exclusions may not apply to you. This warranty gives you specific legal rights, and you may also have other rights, which may vary, from state to state.
