Growing Vegetables .....	12	Hints And Tips .....	27

## YOU HAVE ONE YEAR TO TURN THINGS AROUND!!

Is fortune smiling upon you? The Spirit of the abandoned farm just outside town has chosen you to restore its lost prosperity. Now it's a matter of hard work, a few tears, and a little luck. The days may be long, but you'll have plenty of company from your neighbors and animal friends. The Spirit promised to return in a year to check up on you, so you'd better roll up your sleeves. See if you have what it takes to be a successful farmer.

## CONTROL FUNCTIONS

## GETTING STARTED

After advancing past the opening screen, you have the option of beginning a new game or continuing.

### NEW GAME

When you start a new game, you'll be asked to enter some information about your farmer. The spirit will then give you a short tour of the farm, as well as some helpful advice.

### ENTER YOUR NAME

Use the Control Pad and the A Button to choose four characters for your rancher's name. Select the End icon when you're finished.

### CHOOSE CHARACTER

Besides entering a name, you can choose whether your farmer is a boy or girl. Both can work equally hard.

### CHOOSE PET

Work on a run-down farm can get lonely, but luckily you can choose a dog or a cat to keep you company.

### ENTER PET'S NAME

Select a name for your dog or cat in the same way you did for the farmer. How are you gonna call your pet if it doesn't have a name?

### CONTINUE

When you resume a Continued game, you'll start out in the house, regardless of where you were before. Harvest Moon GBC can only save one game at a time, so be careful not to start a new game over one you want to save.

## HOW TO PLAY

You've got your work cut out for you if you want to impress the Spirit when he returns in a year. Once the land is prosperous, you'll have to tackle more difficult chores, like caring for livestock.

### Clean Up The Land

Your first priority should be clearing debris from the fields, so that you can plow them.

### Spread The Seeds

Plan your gardens carefully so you don't waste seeds. Plant near a water source.

### Sell Vegetables

Water your crops every day and ship them when they're mature, to earn a decent living.

### Get Cows

Nothing brings in money like a barn full of happy cows, even though they require a lot of attention.

### Get Chickens

Once you've bought some chickens, you can sell their eggs, or incubate them into other adults.

### Build a New House

For a price, the carpenter in town can expand your dwelling from a tiny shack into an attractive cabin.

### Master Farmer

The Spirit will return in winter to evaluate your work. He'll reward you if you've won Ranch Master status.

THE END?

## YOUR FARM

The fenced compound is the center of your farm. Different buildings house you, your pet, tools, supplies, and livestock.

### 1 HOUSE

You and your pet begin and end every day here. From inside, you can check the status of your livestock, your pantry, and the weather forecast.

### 2 STORAGE SHED

All the tools and seeds you buy are stored here. From here you can also enter the mysterious caves that lie under your farm.

### 3 LOADING AREA

The crops you harvest need to be in the bin by 5 p.m. every day to get them to market. Profits are deposited in your account the next morning.

### 4 COW BARN

Inside you'll find feeding stalls and a bin for shipping milk to market. There's enough room to raise four cows at a time.

### 5 CHICKEN COOP

Here you can raise up to four chickens for their eggs. There's also a place to incubate eggs into chicks.

### 6 SILO

Collect grass you cut in the silo to use as food for your cows and chickens. The sign indicates how much grain is currently stored in the silo.

### 7 WOOD STORAGE

To expand your house, you need to provide the carpenter with enough materials for the job. Collect lumber here from stumps you bust up.

### 8 PONDS

Fill your watering can from any of the small ponds on the farm. Dispose of small rocks by tossing them into a pond.

## YOUR TOWN

Although busy on the ranch, you still need to make time to stock up on supplies in town. Merchants often make visits to inform you of new wares.

### 1 FLORIST

Nina, the owner of the Flower Shop, sells seeds for your crops and grass, and will give you a watering can on your first visit.

### 2 JUICE BAR

The Juice Bar is great for that quick, late-night boost of energy. The barmaid, Eve, also sells juice or other beverages to take home.

### 3 CARPENTER

When you're ready, order the carpenter to remodel your house. He gives on-site estimates and can sell you any additional materials you might need.

### 4 CHURCH

To insure a prosperous year, it doesn't hurt to visit the church. Maria, who dwells in the church, is good at telling fortunes.

### 5 TOOL SHOP

Many tools that make work easier are available here. Ann, who runs the shop, is quite clever at increasing the efficiency of your tools.

### 6 RESTAURANT

Though there's nothing like farm-fresh produce, heartier fare will give you the energy to work those long hours. The restaurant has an extensive take-out menu.

### 7 ANIMAL SHOP

When you grow enough grass to support livestock, the owner of the animal shop can sell you the animals and supplies to care for them. He'll also buy back animals that you raise.

### OPEN HOURS

JUICE BAR: 6pm-12am  
OTHER : 8am-6pm

## GROWING VEGETABLES

Seasonal produce is your cash crop. Each season, get into the routine of planting, watering, harvesting, and replanting, so you can ship almost every day, maximizing profit.

### CLEAR THE LAND

You can use your hands to pick out weeds and small rocks, but you'll need the hammer and ax to break up larger rocks and stumps.

### SPREAD THE SEEDS

A bag of seeds covers a 3x3 area. Seeds take root best in tilled soil. Plan patches so that all parts can easily be watered, or else plants won't grow.

### HARVEST

Once your plants have matured, pick the produce and deposit it into your shipping bin. Someone from the market will pick it up at 5 p.m. every day.

## CROP ROTATION

Some crops need to be re-seeded after harvest. Others continue producing throughout the season.

### ● NON-RENEWABLE CROPS

When these crops have been harvested, the ground will be ready for more seeds. All crops will die at the end of a season.

### ● RENEWABLE CROPS

Corn, tomato, and broccoli plants continue to produce, as long as they're regularly watered, throughout a single season.

## 3X3 AREAS

Concentrate on garden design. Though many patterns work effectively, this open square optimizes area for seeds, while still allowing each square to be watered.

## RAISING COWS AND CHICKENS

Raising live-stock can be

a real money maker, especially when the weather gets harsh. It's worth the initial investment.

### RAISING COWS

The Animal Shop will sell you a cow after you've grown enough grass for feed. Your dairy can hold four cows, which you must tend daily.

#### • AS CONTENT AS COWS

The key to raising healthy cows that give plenty of milk is to keep them happy. Brush, feed, and talk to them daily. You should also take them for an occasional walk!

#### • COWS GROW IN 3 STAGES

It takes time for calves to grow to maturity. Use the milking machine when they're finally ready to give milk.

### RAISING CHICKENS

While eggs don't sell for as much as dairy items, chickens are easier to care for than cows. Your coop will hold up to four chickens, which will lay eggs if they're not disturbed.

#### • HATCHING AN EGG

To hatch an egg instead of selling it, simply place it in the incubator to the right of the door and wait for the chick to arrive. Soon it will grow into a hen.

#### Animals Need Your Attention

As mentioned above, love and attention will build a bond between you and your animals. Make sure your pets get the same by taking them out daily.

## ANNUAL EVENTS

All work and no play takes its toll on a farmer. The Farm Spirit would want you to get out every once in a while. People from town will come to visit you on special occasions.

### 10th Day of Spring

- **Joined by Horse**

### Last Sunday of Spring

- **Picnic**

### Beginning of 1st Summer

- **Earthquake**

### Sometime in Summer

- **Typhoon**

### 10th Day of Fall

- **Vegetable Festival**

### 24th Day of Winter

- **Christmas Party**

### Watch for Strange Events!!

A lot can happen out on that farm. Make sure to check on all your property after anything strange happens. You never know...

## HARVEST SPRITES

### WHAT ARE THEY?

Harvest Sprites are gnomes that live under your farm. They're eager to talk to humans. Say "Hi" whenever you see one.

What are those strange noises coming from under the tool shed? Well, the Ranch Spirit left some little helpers behind—Harvest Sprites!

### ASK EM' A FAVOR !!

Harvest Sprites are fond of mushrooms. They often reward acts of kindness with magic tools. Always be honest with them. It's rumored they have connections with a spirit in the caves.

### THEY WORK, YOU SLEEP

If the Harvest Sprites like you enough, they will help you around the ranch while you sleep. To ask for help, Press the select button twice and choose the Timer function. Then turn the game off, they'll work while you sleep.

## CONDITION OF FARMER

You've got all year to turn the farm around, so no sense in burning yourself out. Part of working efficiently is knowing your limits. After all, you're only human.

### FEELING TIRED

There's a limit to the amount of work you can do before needing food or rest. Eventually, you'll get stronger and be able to work longer.

After half of your energy is spent, you'll mop the sweat from your brow.

The farmer will sigh and shrug his or her shoulders when your down to 40%.

You know its time to take a break when you stop working and plop onto the ground.

If you continue without resting, you'll temporarily collapse.

### HOW TO RECOVER

The best thing for a weary farmer is bed rest. You'll wake up refreshed and ready for the new day. The longest you'll be able to work, regardless of your stamina, is until 6 p.m.

### • THE HOT SPRINGS

A quick dip in the hot springs under the farm will restore 20% of your total stamina.

### • POWER BERRIES

Throughout the year, you may eat special berries that increase your endurance. Each

one you eat adds 10 point to your maximum.

# Of Berry	0	2	4	6	8	10
MAX Point	100	120	140	160	180	200

## RANCH CENTER

Here's where you can visit other Harvest

Moon players via the Game Link. You can barter supplies, livestock, and other goods with them. Some special items are available only in the Ranch Center.

### HOW TO EXCHANGE

#### ● PICK UP THE PHONE

Use the telephone in your "house" to dial up and connect with other players' Harvest Moon GB files. It

takes a moment for the Game Link to access files.

#### ● SELECT THE MENU

When both players have entered the Ranch Center, they must both press the A Button to establish a connection. They can then

swap livestock, seed surplus, and even pets.

#### ● PICK THE ITEM

Negotiate with the other farmer for bartered goods. You will both need to confirm the trade with the A Button.

Use the B Button to cancel.

#### ● CLOSE

After the trade has been made, you can make another exchange or exit the Ranch Center. Swapped items will then appear in your inventory.

### HOOKING UP

To operate in the Ranch Center, both players must have their Game Boys switched on, and be connected by the Game Boy Link Cable. Both need to dial

## ITEM LIST

To be a good farmer, you need to know when and how to use the supplies, implements, and tools at your disposal. Become familiar with them and you'll be well on your way to success.

### SICKLE

The sickle is used for harvesting grass. Cut grass is stored in the silo and is used to feed your cows and chickens.

### HOE

The hoe turns the hard, rocky earth into rich soil. Seeds will grow only in dirt that's been tilled with a hoe.

### AXE

It's hard work, but use the axe to break up troublesome stumps into more useful lumber.

### HAMMER

Use the hammer to break up large boulders that might interfere with your plowing.

### SADDLEBAGS

Load your crop harvests into your horses' saddlebags, rather than walking them back to the shipping bin.

### FEED FOR COWS

If the supply of feed in your silo gets low, you can buy more from the Animal Shop.

### FEED FOR CHICKENS

Chicken feed can also be bought at the Animal Shop, but it's much cheaper to grow grass for them to eat.

### WATERING CAN

You'll receive the watering can as a bonus with the first bag of seeds you buy.

### MILKER

Use the milking machine to milk your mature dairy cows.

### SPRINKLER

Ann will trade you your watering can for this much more efficient device.

### COW BRUSH

Keep your cattle happy by taking the time to groom them every day with this.

### BELL

The bell is thrown into the deal when you buy your first cow. It is used to call the cows into the barn.

## MEDICINE FOR COWS

Pregnant or neglected cows can grow ill. Buy medicine from the Animal Shop to nurse them back to health.

## COW POTION

This mysterious substance has the ability to get your cows pregnant.

## UMBRELLA

If you've impressed the Ranch Spirit, he may reward you with a magic, rain-making umbrella.

## FISHING POLE

Use it to catch fish that might supplement your farming income.

## VACCINE

Cows immunized with a vaccine stay healthy for a full season. It becomes available in the second year.

## SEEDS

You need seeds to grow vegetables or grass, which you get from the Flower Shop.

## PICKAX

The pickax is another gift from the Farm Spirit. Use it to access blocked caves.

## FISH

The fish that swim in the subterranean lake are sure to corner a high price at market.

## BUTTER MAKER

The butter maker becomes available in the second year, and can make your dairy even more profitable.

## CHEESE MAKER

The cheese maker will pay for itself quickly. Get it in the second year.

## CAKES

Available at the restaurant, they're a little sweet, but will help refresh you.

## LUNCH BOX

This hearty meal is sure to energize even the most exhausted farmer.

## BUTTER

Once you begin producing butter at your farm, you can sell it at the market.

## CHEESE

You can also sell cheese at the market when you start making it at home.

## RICE BALL

Rice balls will be a staple of your diet. They're fresh and tasty!

## MEAT DUMPLING

Dumplings are good for a quick snack. They are inexpensive but not very filling.

## CROISSANT

These pastries are delicious and more filling than they look. Treat yourself to one!

## WILD GRAPE JUICE

Wild grape juice increases your power and stamina.

## APPLE JUICE

Available in the second year, it's just the thing for quenching a farmer's thirst.

## GOLD HEN

Legend has it that in the Ranch Center is a chicken that lays Golden Eggs!

## ORANGE JUICE

Fresh-squeezed orange juice from the Juice Bar will completely reinvigorate an exhausted farmer.

## GREEN TEA

Green tea is a classic pick-me-up you can buy at the Juice Bar.

## MILK

Nothing satisfies like a tall, cool glass of moo-juice. Once your dairy is up and running, drink as much as you like.

## GOLD EGG

If the Golden Hen does exist, few things would be as valuable to sell at the market as one of its eggs!

## FARMING TIPS

Starting a farm from scratch has got to be one of the toughest jobs there is. It takes years of experience to learn all the wisdom a good farmer needs to survive. If you ever have trouble, consult this list of ten helpful tips:

When planting your vegetable gardens, locate them close to a pond because it's easier to get water there. No need to waste your energy hauling water across long distances.

You don't need to water your grass. It grows just fine without any help from you.

If you can't buy livestock, it's because you don't have enough fodder (grass). When you've stored enough grass in your silo, you'll be able to purchase cows and chickens.

You need to water your vegetable garden and feed your livestock once a day. Check the weather first because if it's raining you can skip watering the vegetables.

## FARMING TIPS

You don't need to feed chickens until they're fully grown. They get along okay on scraps they find around the farm.

If you forget to feed your livestock, they will not produce eggs or milk. So put it on your list of daily chores if you want to get ahead!

Don't plant after the 25th of each month, or you will not have time to harvest.

Make sure when you talk to Harvest Sprites, you don't have any tools with you. If you accidentally strike one with a tool, the Sprites won't help you because they'll be afraid of you.

## WARRANTY

Natsume Inc. warrants to the original purchaser of this Natsume product that this Pak is free from defects in materials and workmanship for a period of ninety (90) days from the date of purchase. This Natsume product is sold "as is" without expressed or implied warranty of any kind, and Natsume is not liable for any losses or damages of any kind resulting from the use of this product. If a defect covered by this warranty occurs during this 90-day warranty period, Natsume will repair or replace the game pak, at its option, free of charge. Send product postage paid, along with dated proof of purchase, to the address shown below.

This warranty shall not be applicable and shall be void if the defect in the Natsume product has arisen through abuse, unreasonable use, mistreatment or neglect. THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES AND NO OTHER REPRESENTATIONS OR CLAIMS OF ANY NATURE SHALL BE BINDING ON OR OBLIGATE NATSUME. ANY IMPLIED WARRANTIES APPLICABLE TO THIS PRODUCT, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED TO THE NINETY (90) DAY PERIOD DESCRIBED ABOVE. IN NO EVENT WILL NATSUME BE LIABLE FOR ANY SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES RESULTING FROM POSSESSION, USE OR MALFUNCTION OF THIS PRODUCT.

Some states do not allow limitations as to how long an implied warranty lasts and/or exclusions of limitations of incidental or consequential damages, so the above limitations and/or exclusions of liability may not apply to you. This warranty gives you specific rights, and you may also have other rights which vary from state to state.
