You will start with a bubble wand in SpongeBob's Utility Belt - press the A Button to take it out and blow a bubble. The bubbles will stun SpongeBob's enemies - but use the JellyFishing Net on the JellyFish!

Hey cool, all SpongeBob's Friends are here! To talk to a character walk up to him or her and press UP on the Control Pad. Try talking to Gary the pet snail - meow!

After talking to his friends, SpongeBob should have a good idea of what to do next. Move either Left or Right until SpongeBob reaches the end of the road. When SpongeBob gets to a street sign a message will appear telling him where the road goes. Press the A Button to follow the street sign to the next area, or press the B Button to remain in the current area.

In some parts of SpongeBob's world, SpongeBob can find out a great deal of information from talking to other characters. Other areas require SpongeBob to explore, searching treasure chests for bonus items and ultimately the Golden Spatula. When he finds a treasure chest, press UP on the Control Pad to open it and reveal the treasure - like a fresh pair of pants!

SpongeBob's Pants

SpongeBob begins the game with one pair of pants and underwear. Every time an enemy hits SpongeBob, he will lose a pair of pants. When he is out of pants, SpongeBob must start over again. Try to find extra pairs of pants within the treasure chests. This will help SpongeBob advance to the next area. There is also a special bonus that SpongeBob's boating instructor may be willing to share with him.

Bonus Items

At the start of the game, SpongeBob's utility belt contains a JellyFishing Net and a Bubble Wand that allows him to scare away some enemies by blowing bubbles. Throughout his adventures, SpongeBob will find other gadgets and items that will help increase his speed, jumping and attacking abilities.

SpongeBob can only equip one item at a time. Press the A Button to use the item, such as the Bubble Wand. You can see which item SpongeBob has in his pocket by looking at the Game Screen. See page 9 For more information.

To change items quickly press UP + SELECT, or press SELECT to view the Safety First Screen. See page 10 For more information.

- **Bubble Wand** - SpongeBob's basic tool. Luckily For him, most of his enemies are scared by bubbles! SpongeBob cannot blow another bubble until the First one either pops or hits a target. The bubbles will tend to float towards the surface, so it takes a skilled bubble blower to aim them!

- **JellyFish Net** - We love JellyFishing! This is the ONLY item that catches JellyFish, Scallops, and those nasty Urchins. It is best used on bad guys that are next to SpongeBob in the direction he is facing, not above or below
- **Net Launcher** - Shoots one net ball at a time to bag an enemy
- **Spatula** - The trusty tool of any Fry cook, the Spatula serves one patty at a time to an enemy and cannot be used again until the previous patty either hits a target or the ground.
- **Spring Shoes** - Makes SpongeBob jump twice as high as normal.
- **SpongeBob's Glasses** - The glasses allow SpongeBob to become invisible and to view the contents of each treasure chest. SpongeBob cannot move while using the glasses, but since the enemies cant see him, they cant hurt him. After all, you wouldnt hit a guy with glasses, would you?

Plan ahead! Different tools work better in different scenarios and against different enemies. Press UP on the Control Pad and SELECT to quickly switch tools.

Note: Other bonus items can be attained - be sure to check every treasure chest and talk to all of your Friends!

CHARACTERS

SpongeBob SquarePants

Our hero SpongeBob resides in a fully furnished pineapple under the sea in Bikini Bottom. He's incurably optimistic and well-meaning, yet everywhere he goes, trouble seems to follow. SpongeBob is a dedicated employee of the Krusty Krab restaurant where he aspires to be "Employee of the Month" every month.

Gary

SpongeBob's confidante and pet, Gary is a domesticated snail. He always happens to meow like a cat.

Patrick Star

SpongeBob's best friend, this dim-witted starfish can usually be found clinging to the underside of a rock. Patrick idolizes SpongeBob, and together they unintentionally wreak havoc on everyone around them.

Squidward Tentacles

Co-worker and neighbor of SpongeBob and a dreadful clarinet player Squidward is an embittered, aloof octopus. Everyone and everything annoy him. This could stem from the fact that Squidward is two arms short of a full set.

Sandy Cheeks

She's the only squirrel of her kind - with a penchant for thrill-seeking sports like surfing, karate and weight lifting. One of SpongeBob's best pals. Sandy lives under the sea in an air dome. SpongeBob loves hanging out with her. Unfortunately being with Sandy usually entails the need for a crash helmet.

Mr. Krabs

He's the greedy owner of the Krusty Krab and SpongeBob's money-hungry boss. Although Mr. Krabs finds SpongeBob a constant source of aggravation, he genuinely likes him.

Plankton

He owns Plankton's Chum Bucket, the Krusty Krab's rival, and business isn't good. Could be because he's pretentious and mean, constantly plotting to put Krabs out of business and steal his famous Krabby Patty recipe. Plankton is short and it shows. He suffers from a Napoleon complex. Plankton = Compact Evil.
