## THE GAME STORY

In the year 2777, the earth existed in a totally different atmosphere. Due to nuclear wars and natural disasters, the population decreased dramatically and only five small islands existed on the surface of the earth. Those five islands formed a nation and for hundreds of years people lived peacefully. The new nation is called NEXYZ. At NEXYZ, aside from human beings, there exist fairies and spirits who lived under the ruling of King New Star. But one day, NEXYZ was attacked by the mechanic fortress, GORUZA, from outer space. NEXYZ did not have many weapons to fight back and was forced to surrender. GORUZA built mechanic castles on each island, captured a queen from each island and confined them. King New Star was murdered and his only daughter, Maria Star, has been missing since then. Battle-soldier Apollo could not endure the cruel treatment of GORUZA any longer. So he put on his space battle suit and challenged the mechanic beast's empire!
