DOUBLE DRAGON 3: THE ROSETTA STONES

Billy Lee and his twin brother Jimmy are the finest of warriors; they are Double Dragon warriors. Years have gone by since they first took to the streets to save their world from the Black Shadow warriors who brought nuclear death and destruction to their city. After the senseless shooting of Billy's girl Marion, and the destruction of the Double Dragon dojo, home of the Double Dragon warriors, there was no turning back. They took on the Black Shadow warriors and defeated them. But then, they found that enemies waited for them in a guise of a new gang, The Scorpions. Framed as murderers, Billy and Jimmy were forced to fight against one foe after another, while they set about clearing their names. After their innocence was proven, they set out on a journey to complete their martial arts training.

Now, two years later, every bit of their long experience and extensive training will be needed. Their skills will be tested to the limit. The brothers face their toughest quest yet — the search for the three magical Rosetta Stones. Can the Double Dragon warriors survive the onslaught of evil thugs and henchmen that want the precious stones for themselves and will stop at nothing to block their way?

Hiruko, an ancient fortune teller, knows the legend of the Rosetta Stones and where the elusive gems might be found. She has come to offer herself, to guide Billy and Jimmy through the five missions in search of the stones. The power of the Rosetta Stones is unmatched. Hiruko has warned the Double Dragon warriors that they must find the priceless gems before they fall into the hands of the mysterious evil one who hunts for them also and knows how to use them for her own dark purposes. The Double Dragon warriors know they must summon all their strength, courage, and fighting skill to complete their quest and destroy the great mystical enemy that awaits them at the end of the journey. And now, you will travel with them around the globe, from New York to China to Japan and beyond, as their incredible adventure begins...

THE MEMBERS OF THE DOUBLE DRAGON GANG

When you choose EXTRA GUYS in the WEAPON SHOP, it gives you the full strength of the Double Dragon Gang. The members of Jimmy's squad are Roney, Seime, and Masao. The members of Billy's squad are Sunny, Taime, and Nunio. The squad member readies himself to replace the fallen warrior before him and carry on the search for the stones. Each of these skilled warriors has special talents that make him invaluable to the gang.

INTERMEDIATE KNOWLEDGE OF THE DOUBLE DRAGON MASTER

RUNNING HEAD BUTT - The Master said, "When confused, use your head". Always a successful strategy. Run and **PUNCH** to execute.

BACK-TO-BACK HURRICANE KICK - In a two-player game, you can maneuver your players into a back-to-back stance to protect themselves, while taking on all adversaries in a double whirlwind of hurricane kicks.

TRIANGLE JUMP KICK - The triangle is an integral structure in the universe. This kick is an integral element to success in combat.

TO KNOW AND TO ACT IS ONE IN THE SAME: ADVANCED SKILLS OF THE DOUBLE DRAGON WARRIOR

Each of these Advanced Skills must be acquired by purchasing them in the WEAPON SHOP.

BELLY-TO-BACK THROW - An illegal move in martial arts competition, the Double Dragon warriors must be prepared to match the guerrilla terror tactics of their aggressors. Approach from the rear and press **DOWN** and **C BUTTON** for this empowering strategy. This is Masao and Nunio's specialty.

THE HURRICANE KICK - A high-wielding kick of fury and power, press **UP-RIGHT** and **C BUTTON** simultaneously as the enemy approaches.

ONE-ARMED HEAD BUTT - A forceful upper-body thrust, press **DOWN** and **C BUTTON** simultaneously to allow Jimmy or Billy to devastate a foolish adversary who's moved in too close.

HANDSTAND ANKLE FLIP - When a cunning foe moves in on Roney or Sunny, press **DOWN** and **C BUTTON** at the same time and they'll execute this acrobatic martial arts feat with grace and deadly precision.

LOCKING HEAD SQUEEZE - Double Dragon warriors Seime and Taime use this fierce technique to stop an enemy who has moved within reach. Press **DOWN** and **C BUTTON** simultaneously.

FIGHTING SCREEN

At the top left-hand side of the screen is your health. Time remaining is indicated in the center of the screen. Below the time is the number of coins left to you to purchase extra men, weapons, tricks, and power ups to energize your warrior. All these are purchased in the dark cavernous WEAPON SHOP.

In a two-player game, the health of the second player will be in the right-hand corner. Since both players are Double Dragons, the time left and coins are shared. When one player runs out of time or coins, so does his fellow warrior.

WEAPON SHOP

Go In And Choose:

EXTRA MEN - To aid you in your quest for the stones, three Double Dragon brothers wait to replace Jimmy if the fate of battle demands. Three others faithfully back up Billy.

TRICKS - Here you'll acquire the advanced skills of the Double Dragon.

WEAPONS - Tachi (the deadly samurai long-sword) and Nunchakus.

POWER UPS - Each power up revitalizes the battle-fatigued warrior.

Note: Each purchase in the **WEAPON SHOP** costs a different number of coins. The meter at the top right-hand corner of the screen indicates how many coins and how much time you have left in the shop.

IN SEARCH OF THE STONES

MISSION I

Hiruko comes to Billy and Jimmy Lee for their help in finding the Rosetta Stones. Vicious thugs have followed her. A battle erupts outside the Double Dragon dojo. Just as you think you've defeated the intruders, more of them gang up on you. Be aware! These vicious fighters have no honor. They're determined to end your quest before it starts.

MISSION II

Hiruko leads you to China, deep into its beautiful green forests. But amidst the peaceful tranquility lay treacherous foes who have vowed to stop the Double Dragon warriors. These are skilled martial artists who could stop you if you make one careless move. They are guarding the first stone. They know all about its magical power and are desperate to hold on to the powerful gem.

MISSION III

A crack team of Japanese samurai have been informed about your search for the Rosetta Stones. They fight with a skill unsurpassed by any martial art experts that the Double Dragon warriors have ever faced. They possess a ruthless tenacity that makes them frightening opponents. What stake they have in this, you don't know. All you know, is that you must complete this mission in your search for the remaining stones.

MISSION IV

Hiruko leads Jimmy and Billy to the ruins of an ancient Roman city. A secret society of Roman archers attacks, mercilessly pelting them with

a shower of poisoned arrows. These warrior-archers are mad, trying to destroy the Lee brothers for the glory of ancient Rome. They have no fear for their own lives. The archers' reckless abandon is rivaled only by their deft handling of the weapons.

MISSION V

The quest for the Rosetta Stones finally leads them to Egypt. Hiruko takes Jimmy and Billy to a hidden oasis in the desert. To their surprise, this oasis is enchanted! Men who are half-trees slash at them with their whip-like limbs. The Double Dragon warriors must somehow defeat these non-human creatures. Their martial arts training never prepared them for this! Hiruko knows of a secret tomb underneath the oasis. There, the secret of the Rosetta Stones will be found, but not before a surprise encounter with the supernatural guardians of the tomb. The betrayal of the Double Dragon warriors and the mystery behind the stones will be revealed once you have defeated the many evil enemies, both natural and otherworldly, that guard the tomb like a small army. Only you and the Double Dragon warriors could complete these impossible missions! Good luck!
