*So come on, we've got places to go!*

## QUICK START

5

**Barbie™ Super Model** invites players to experience the fun and excitement of the glamorous Barbie world of high fashion! Four different US destinations serve as the backdrop for this video game adventure, one that relies on players to help Barbie overcome obstacles and avoid delays in getting to her many fashion show competitions. The game also features unique opportunities for players to use state-of-the-art video game technology to enhance the aspects of dress-up, makeup and hairstyling so central to the Barbie world of fantasy, fashion and fun!

1. Set up your Genesis System as described in its instruction manual. Plug in one or two Control Pads.
2. Make sure the power switch is OFF. Then insert the **Barbie™ Super Model** cartridge into the console and press it down firmly.
3. Turn the power switch ON. In a few moments the Sega screen appears.

### Important:

- If you don't see the Sega screen, turn the power switch OFF. Check that your Genesis System is set up correctly (see your instruction manual for details). Make sure the cartridge is firmly inserted in the console, and the channel switch setting (3 or 4) on the back of the Genesis is the same as the TV channel being used. Then turn the power switch ON again.
- Always make sure the power switch is OFF before inserting or removing the Genesis cartridge.

## DESTINATIONS

9

Each of the four destinations featured in *Barbie™ Super Model* challenges players to help Barbie overcome obstacles that might keep her from getting to her fashion show competitions on time.

### HOLLYWOOD

Hop into your sports car and try to steer clear of all that traffic on Hollywood Boulevard. But hurry! Your first fashion show is about to begin!

### HAWAII

Say "Aloha" as you greet the fun and sun in tropical Hawaii! But if you miss your next fashion show, you could be waving good-bye to your chances of becoming a Super Model. So strap on your skates and get rolling!

### VAIL

It's a winter wonderland of fun and excitement as visitors to one of Colorado's most popular resort towns turn out to greet you. But be careful! If you spend too much time in the snow, you could be left out in the cold!

## NEW YORK CITY

10

What better place for the Big Event than the **Big Apple!** Hop on your bike and join countless numbers of New Yorkers for a day in world-famous Central Park. Stay on the bike path and watch out for joggers and other obstacles—and be sure to get to the big show on time!

## PICK-UPS & BONUS LEVELS

**Shopping Bags/Dressing Rooms:** If you see a Shopping Bag during your travels, pick it up and you'll be able to enter a Dressing Room bonus level. Before entering the room, however, a Barbie magazine cover will appear on screen. Try to remember the fashion outfit and color combination shown on that cover, then press **START** to enter the Dressing Room.

Once inside the Dressing Room, use your controls to try and match the look shown on the magazine cover. You may take your time and experiment with as many different outfits and color combinations as you like. When you think you have found the right outfit and colors, press **START** to check your choices. You will

score points for every element you match correctly (see Scoring).

**Cameras/Makeup & Hair Salons:** Picking up a Camera ushers you into a Makeup & Hair Salon bonus level. Here, again, you will first see a Barbie magazine cover, this time depicting a specific Barbie close-up showing makeup color, earrings and hairstyle. Try to remember as much as you can about the look, then press any button to enter the Salon.

In the Salon, use your controls to try and match the Barbie look shown on the magazine cover. You can change lipstick color, eye shadow, nail polish, earrings and hairstyle. Take as much time as you want and feel free to experiment with different looks. When you think you have found the perfect look – the one that matches the look on the magazine cover – press **START**. Every correct match earns you points (see Scoring).

## RUNWAYS

Walking down a fashion runway correctly is one of the most important skills a top model needs to master. Each destination level in **Barbie™ Super Model** offers you two chances to strut your stuff.

## Practice Makes Perfect

Halfway through each level, Barbie will enter a practice room where she will be given instructions on what four moves to make during the actual fashion show. Pay careful attention to these instructions and look at the Controller icon that appears at the lower part of your screen. A button will be blinking. Press the corresponding button on your actual Controller to perform the move. Take as much time as you like, but try to remember the order of these moves. Once you are finished, press **START** to exit the practice room and return to the destination level.

## The Real Thing

At the end of each level, the real fashion show begins. Here, you must help Barbie recreate as best as she can the four moves you were shown during the practice session. You will earn points for every move performed correctly.
