## Help Barney Find His Friends

Barney and his friends love to play Hide and Seek. And Barney loves to be IT!

"Let's look for our friends and the hidden presents," says Barney as he takes his hands away from his eyes. Now where are his friends hiding?

Help Barney find his friends. And find lots of presents and surprises, too!

*Now you see  
Barney's  
friends.*

*Now you don't!*

## Making Barney Move

It's easy to make Barney move. Just press the big Arrow Button one way or the other.

To make Barney do things like jump, open presents and find friends, press Button A, Button B or Button C.

### TO THE PARENTS

*Barney's Hide and Seek Game* is designed to be enjoyed by children from three to six years old. For beginning players, Barney will move through the screens on his own. With more practice, players can make Barney jump, ride, float and climb to more challenging areas of the scene. No matter how your child plays, Barney will never be harmed or lose the game. There is only fun, learning and exploration.

*Friends*

## Finding Friends

Barney has four friends who are hiding. Baby Bop is hiding, too. How many friends are hiding in all?

Every time you help Barney find a friend, that friend shows up in the boxes. In the picture on this page, three friends have been found. You can see them in the boxes. How many friends are still hiding?

When Barney finds one of his friends, just press Button A, Button B or Button C and the friend will appear.

### *Prizes*

## Finding Presents and Prizes

Inside every present is a prize. There are five special prizes in all.

When you find a present, open it by pressing Button A, Button B or Button C. The prize inside will go into a box. Look at the picture on this page. How many prizes did Barney find so far?

Did Barney ever open a special green present? It has a different kind of surprise inside!

Can you find all these prizes? They're hidden inside brightly wrapped presents, just waiting for you!

### TO THE PARENTS

Besides looking for friends, your child can also look for presents. Inside each present is a prize that will appear at the bottom of the screen once your child finds it.

When Barney is near a present, he stops and hints to your child to press a button to open it. If your child doesn't respond after a short time, Barney will continue walking without opening the present.

At the end of each level, Barney will count how many friends and prizes your child has collected.

If every friend and every prize is found, your child will see a special bonus screen at the end of the game.

## THREE PLAY PATHS

*Barney's Hide and Seek Game* lets children play in three different ways, or skill levels, within each of the four scenes.

### Skill Level 1

The first level is the "easy" path that Barney takes, moving left or right along the lower part of the scene. Barney will identify the things he finds, and encourage your child to play.

### Skill Level 2

The second level involves making Barney jump up to a higher surface, and solving problems by jumping on and off simple platforms. Friendly warnings stop your child from making mistakes.

### Skill Level 3

In the most challenging level, your child can make Barney float from place to place by grabbing onto a balloon.

Plus, your child can interact with other game elements

such as musical instruments and farm animals

by pressing Button A, B or C on the Control Pad.

## SELF PLAY FOR BEGINNING PLAYERS

For beginning players, *Barney's Hide and Seek Game*

provides a self-play mode. The way it

works is simple:

while your child

watches, Barney

moves through the

game in the first level

by himself. He does not collect friends or prizes.

Your child can pick up the controller and begin playing at any time. At this point, your child will be able to move Barney.

## Puzzle Play

Here are some puzzles for you to find.

### TO THE PARENTS

Placed throughout the game are various puzzles and activities your child can play. Once your child recognizes a potential game or puzzle, he or she can press Button A, B or C to proceed.

## Matching

Make all the flowers match.

## Caring

Hug an octopus to make it happy.

## Sorting

Put a pumpkin with the others.

## Four Super-Dee-Duper Levels

*Barney's Hide and Seek Game* has four fun-filled levels. You can help Barney find his friends in all of them. Each level has special surprises. How far can *you* get?

### 1. Forest Friends

Look for friends and meet new ones!

### 2. Music Town

Meet the instruments and hear their sounds!

### 3. Deep Blue Sea

An underwater adventure!

### 4. Farm Fun

Help Barney find the farm animals!  
Can you name them all?

## BARNEY'S ACTIVITIES

*Barney's Hide and Seek Game* offers your child a wealth of discoveries. There is no correct path to take, no right or wrong answers. Your child can engage in as many or as few of the following activities as he or she chooses, by pressing Button A, B or C on the Control Pad.
