Epilepsy Warning

READ BEFORE USING YOUR SEGA VIDEO GAME SYSTEM

A very small percentage of individuals may experience epileptic seizures when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or while playing video games may induce an epileptic seizure in these individuals. Certain conditions may induce undetected epileptic symptoms even in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition, consult your physician prior to playing. **If you experience any of the following symptoms while playing a video game — dizziness, altered vision, eye or muscle twitches, loss of awareness, disorientation, any involuntary movement, or convulsions — IMMEDIATELY discontinue use and consult your physician before resuming play.**

Starting Up

1. Set up your Genesis System.
2. Plug in Control Pads 1 and 2. (If there's only one player, you only need Control Pad 1.)
3. Make sure the power switch is OFF. Place the *Sonic The Hedgehog 2* cartridge into the cartridge slot and press it down firmly.
4. Turn the power switch ON. You'll see the SEGA screen, and then the Title screen.
5. Press **Start**. (For a 2 Player VS contest, press the **D-Button DOWN** and then press **Start**.)

- ❖ If you don't see the SEGA screen, turn the power switch OFF. Check your Genesis setup, make sure the cartridge is **firmly** in the console, and turn the power switch ON again.
- ❖ Always turn the power switch OFF when you're inserting or removing the cartridge.

Find the Chaos Emeralds!

Miles "Tails" Prower, the Fox, can't sit still when Sonic's around. Ever since Miles was a baby fox, he's dreamed of being like Sonic. He loves to run after Sonic, waving his 2 tails behind him, trying to keep up with his hero!

Mostly, Sonic lets him trail along. But sometimes, just to show off, Sonic explodes in a burst of super speed and leaves him behind. But Miles doesn't give up. He whirls his tails like a helicopter rotor and takes off flying until he catches up!

All the animals call Miles by his nickname, "Tails," because of his 2 special tails. And one day they saw an astonishing feat . . .

They were all together in the forest, watching Sonic perform. Sonic would run, spin and jump in his Super Spin Attack. Then "Tails" would whirl like a turbo engine and blast off in his Super Dash Attack. What a showoff!

Suddenly, "Tails" just couldn't help himself. He took a running start, curled up his tails, and — whoosh — he was spinning like Sonic!

But now something frightening is happening. Sonic's friends are disappearing. In their place, nasty metal robots are popping up all over the island. The mad scientist Dr. Robotnik is at it again!

This time, Robotnik's planning a global disaster. He needs workers to create a doomsday machine that can take over the world. So he's trapping all the animals, turning them into robots, and forcing them to build his ultimate weapon, the Death Egg!

Robotnik now rules the factories, refineries and cities! He's grabbed control of everything — except the 7 Chaos Emeralds. These magnificent gems are believed to hold exceptional powers. With them, Robotnik could have the entire world in his grasp. And he'd never let go!

The Chaos Emeralds are buried somewhere on the island. Only one tough dude with spiky hair has the speed to find them first!

Help Sonic stop the devious scheme of the demented scientist! Spin like a speedball through space. Grab Power Sneakers and loop 'til you're dizzy. Twirl over twisting speedways and rocket through tunnels. Balance and blast across a bubbling ocean of oil!

Find the Emeralds, free the animals, and squash Robotnik forever!

RINGS 24

Lives

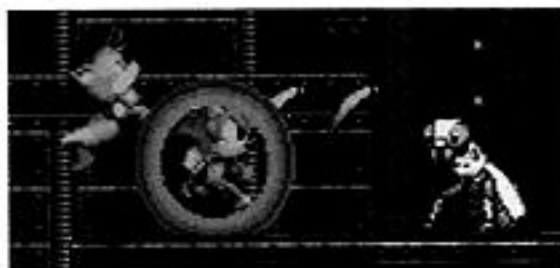

- ★ Increase your **Score** by freeing your friends from their robot forms. Use the Super Spin Attack whenever you can to bash into enemies.
- ★ You can take up to 10 minutes on the **Timer** to complete the Act. If you go over the time limit, you'll lose 1 Life.
- ★ Enemies can't destroy you when you have **Rings**. "Tails" collects Rings, too, that are added to your total. You'll lose Rings if you get attacked or run into an enemy. The counter starts flashing when the number reaches zero. Then if you touch a badnik, you'll lose 1 Life (unless you're doing the Super Spin Attack). Keep grabbing Rings! You'll be protected as long as you have at least 1 Ring.
- ★ You start each game with 3 **Lives** to complete the Zones.

Super Items

Spin, bash or bounce to break open monitors — any way you can — to get the Super Items inside.

- ★ **Power Sneakers** make you run like the wind!
- ★ **Super Rings** give you 10 Rings at once!
- ★ **One-Ups** give you 1 more Life. (You also earn an extra Life when you collect 100 Rings and 200 Rings.)
- ★ An **Invincible** protects you from attacking enemies, but only for a short time.
- ★ Each **Shield** protects you from damage 1 time only.

Star Posts

When you pass a Star Post, the Star wig-wags to save your position. Then, if you lose a Life, you'll start again at the last Star Post you touched, instead of at the beginning of the Act. (You'll also keep your previous time, but not your previous Rings.)

Touch a Star Post when you have 50 Rings (or more), and you'll see a Star Circle spinning around the Star Post. If you jump into the Star Circle, you will go to the Special Stage.

Once you've been to the Special Stage, you can't get there again from the same Star Post. You'll have to collect 50 more Rings and touch another post. (Please turn to page 17 to read more about the Special Stage.)

At the end of every Zone, Dr. Robotnik attacks in a fantastic robot machine. Defeat him and free some of your friends from their Prison Egg!

Special Stage

If you have 50 Rings when you touch a Star Post, you'll see a Star Circle spinning around the Star Post. If you jump into the Star Circle, you'll go to the Special Stage. This is your chance to collect a Chaos Emerald!

- ◆ Watch the screen to see how many Rings you need to get.
- ◆ Speed around the chute, picking up as many Rings as you can. Sidestep the Bombs or jump over them to stay in the race.
- ◆ If you get the required number of Rings at each checkpoint, you can continue. Otherwise, the Stage ends.
- ◆ If you finish the Stage, you'll be rewarded with a magnificent Chaos Emerald.
- ◆ When the Special Stage ends, you return to the Star Post in your original Zone, and you can resume the game.

Game Over

Sonic's quest ends when squash Dr. Robotnik for good! The game also ends any time you lose all your Lives. You start each game with 3 Lives, and you can find extra Lives in the monitors. You also get a bonus Life when you gain 100 Rings and 200 Rings.

Continue

You'll get a Continue every time you score 100,000 points. Then, when you lose your last Life, the Continue screen will appear. Press **Start** before the timer reaches 0 to resume the game from the point where it ended.

Scoring

Your score is added up at the end of each Act.

- ❖ Every robot enemy you smash is worth 100 points.
- ❖ Defeating Robotnik earns you 1000 points.
- ❖ The Time Bonus rewards you for speed. The faster you clear the Act, the higher this score will be.
- ❖ The Ring Bonus rewards you for the number of Rings you have when the Act ends.

2 Player VS Competitive

With 2 players, Sonic and "Tails" can race to win in the most categories in the all-new, fun and surprising 2 Player VS competition. In this game, Sonic and "Tails" compete to gather the most score points, Rings and Super Items, and to clear each Act in the fastest time.

The game has 3 regular Zones (with 2 Acts each), and a Special Stage where Sonic and "Tails" race for the Rings.

TO BEGIN:

1. Press the **D-Button DOWN** on the Title screen to choose "2 Player VS." Then press **Start**.
2. Use the **D-Button** to select 1 of the 3 Zones or the Special Stage on the next screen.
3. Press **Start** to begin. Good luck!

TO PLAY A REGULAR ZONE:

- * Sonic and "Tails" race through the same Zone on a split screen. Sonic (Player 1) uses the top half, and "Tails" (Player 2) is on the bottom.
- * Use all the same button controls and moves as for 1 Player games. Reach for the Rings!
- * Break open the monitors for Super Items. You won't know what an item is until it pops out (unless you chose "Teleportation Only" on the Options screen; please see page 8).
- * The Teleporter item is new! Find it, and Sonic and "Tails" will switch places in the Zone. Whoever is behind will now be ahead!
- * The face you see on a One-Up item shows who gets it. For example, "Tails" can find a One-Up for Sonic, and Sonic will get the extra Life.
- * When 1 player finishes, a countdown starts, and the other player must try to finish within 60 seconds.

REGULAR ZONE SCORING:

You'll be scored in 5 categories. The player who wins 3 or more categories wins the race!

Sonic's Super Hints

- ★ Grab every Ring you can!

- ★ Watch enemies to see how they move. Once you know what they do, you'll have a better chance of fighting or dodging them.

- ★ Collect 50 Rings (or more) so you can get to the Special Stage when you pass a Star Post.
- ★ In the Special Stage, don't move too fast or you may miss more Rings than you catch!
- ★ In 2 Player VS competition, concentrate on your own screen (and not your friend's). Even if you get teleported back a ways in the Zone, you can still win by collecting the most Rings and Super Items.
- ★ Bash into lots of enemies for a high Score.
- ★ Race through the Acts as fast as you can for a high Time Bonus.
- ★ Collect loads of Rings for a high Ring Bonus.
